Lawson Gold Offer Extension

FerrAus Limited (FerrAus) and the Directors of Lawson Gold Limited (Lawson Gold) advise that the closing dates for both the Priority Offer and the Public Offer for the Lawson Gold IPO have been extended by one week. This decision follows requests from FerrAus shareholders for additional time due to the recent long weekend as well as the error in the BPAY details in the original Priority Application forms that required new forms being sent to shareholders.

FerrAus and the Directors of Lawson Gold are pleased to report that demand for the offer has been strong, with a large number of applications received (in number and value) at this early stage which provides the Board with confidence that the offer will be successful. Given the demand to date, in conjunction with the continuing strong gold price environment, should you decide to invest in Lawson Gold you are encouraged to lodge your application as soon as possible in order to improve the likelihood of your application being accepted.
